## **Lead Testing**

New regulations have come down from Department of Drinking Water that require all lead pipes be replaced by homeowners. CVPCSD will be conducting its own lead testing in the coming months to verify the absence of lead on both the street side and homeowner's side of the meter.

## **Water Delivery Issue Calls for Urgent Conservation**

PCWA recently received notification from PG&E of a delay in repairs to essential water delivery infrastructure at Lake Spaulding. This delay is substantial enough to trigger actions by PCWA to conserve water until PG&E's repair is complete and water is restored.

PCWA is asking all customers to reduce water use by 20% to help manage this ongoing water delivery issue. Since Christian Valley Park, CSD, receives raw water from PCWA, your actions to conserve will help PCWA preserve the existing water supply during this critical time.

We understand how important it is to maintain your landscape, especially during the hotter months. With rising temperatures, it's crucial to use water wisely indoors and outdoors to ensure a reliable supply for everyone.

Simple things you can do to conserve water include: reduce sprinkler cycles by two minutes, adjust sprinklers to prevent overspray, water early in the morning, and fix household leaks.

Thank you for your cooperation and commitment to water conservation during this critical time.

## **New Water Rates**

On July 1<sup>st</sup>, the water rate adjustment passed by the Christian Valley Park, CSD, Board of Directors took effect. The rate adjustment schedule is provided below. The District bills customers quarterly such that each bill represents three months of water service.

Meter Size	Current	PROPOSED				
		July 1, 2024	July 1, 2025	July 1, 2026	July 1, 2027	July 1, 2028
<b>BASE FIXED CHARGE PER QUARTER</b>						
3/4"	\$179.37	\$217.52	To be increased annually based on the % increase in the Consumer Price Index (CPI) or 3% whichever is greater up to a maximum of 10%			
1"	\$298.98	\$355.85				
2"	\$956.73	\$1,116.66				
<b>USAGE CHARGE (metered water use)</b>						
\$ per ccf	\$1.28	\$1.63	To be increased annually based on the % increase in the Consumer Price Index (CPI) or 3% whichever is greater up to a maximum of 10%			
<b>+ ADDITIONAL CAPITAL IMPROVEMENT FEE PER QUARTER (fixed charge)</b>						
3/4"	NA	\$0.00	\$48.90	\$48.90	\$48.90	\$48.90
1"	NA	\$0.00	\$81.51	\$81.51	\$81.51	\$81.51
2"	NA	\$0.00	\$260.82	\$260.82	\$260.82	\$260.82

Ccf - hundred cubic feet; equal to 748 gallons of metered water usage

The annual change in CPI will be based on the increase in the CPI for All Urban Consumers (CPI-U): U.S. city average (all items) based on the un-adjusted 12 months prior ending in June of each year for 2025 to 2028 as published by the US Bureau of Labor Statistics. The mathematical formula is:

$$\text{then current rate} \times (1 + \text{the \% increase in CPI})$$

The Christian Valley Park, CSD, Board of Directors schedule to meet on the second Tuesday of each month at 7:00 p.m. in the California Conservation Corps Administration Building, 3710 Christian Valley Rd. All residents of the District are welcome to attend in person or via Zoom. An updated agenda can be found at [ChristianValley.org](http://ChristianValley.org).
